Sliding Scale Fee

ReGenesis Community Health Care serves all patients regardless of their ability to pay. However, the services provided are not free of charge.

ReGenesis Community Health Care is a Federally Qualified Health Center (FQHC) and receives some funding to help offset the cost of providing care to patients on a sliding fee scale. Eligibility for the sliding fee discount is determined by documented annual income and family/household size. Patients with a reported annual income of 200% or below the federal poverty level (FPL) are eligible for a sliding fee discount on all services we provide, including prescriptions written by ReGenesis Community Health Center providers and filled at ReGenesis Community Health Center pharmacies. Below are the qualifications:

- Patients with income at or below 100% of the federal poverty guideline (FPG) are charged a nominal fee; however, no patient will be refused services due to the inability to pay.
- Patients with income above 100% and at or below 200% (FPG): adjustment (partial sliding fee discount); however, no patient will be refused services due to inability to pay.
- Annual incomes at or above 200% (FPG): no discount; however, no patient will be refused services due to inability to pay.

Determining your eligibility for the sliding fee discount requires verification of your income. This information must be updated annually to continue your participation in the program. This information is only used to calculate your discount and is kept confidential.

Sliding fee discounts for essential services are offered based on family size and income. **Proof of income is required.** You may apply for a sliding fee discount at any of our front desk locations.

How do I qualify?

To apply for the Sliding Fee Discount, you **MUST** show proof of gross annual income. Gross income is **ALL** income from **ALL** sources before taxes. Applicants should provide a copy of 2-3 consecutive pay stubs **OR** the previous year's tax return or W-2 form.
